

“I have to give praise to the Council for selecting Niblock as the Contractors to do all this work. They have been professional in the way they have carried out the work and have done a marvellous job. The workmen have really worked hard to make it all look really nice and we have always been kept informed when need be”

- Jean Johnson, MBE, Old Dover Road resident

-Design & Planning  
-Resident and Commercial Occupation  
-External Refurbishment

## OLD DOVER ROAD

Two storey blocks, with commercial shop units/restaurants at ground level and residential flats to the first floor above.

Design responsibility and planning submission for new balustrade at first floor level, following resident input, selection and feedback.

Works included:

- Overlay Flat Roofing works to all blocks.
- Design and installation of a new handrail & access system to all existing roofs.
- Replacement Asphalt & Tiling Works to both private and public balconies.
- Fabric repairs and overall repairs to the existing structure.
- Close coordination with residents on a daily basis, with works to both public walkways, stairwells and private balconies.
- Busy High Street location, with works above commercial premises.
