

**KEY ATTRIBUTES:**

- School in full occupation
- Thermal value enhancements

**NORBURY MANOR HIGH SCHOOL FOR GIRLS**

Refurbishment and upgrade of the Old Gymnasium at Norbury Manor High School for Girls.

Works included:

- Rebuilding one wall to the gymnasium
- Wall insulation to increase thermal value
- New windows
- Roof repairs
- Electrical upgrades

Whilst completing works at the school, we were delighted to be invited to take part in their Sixth Form Careers Evening and help the girls better understand the vast opportunities available to them and the many different ways to enter the world of Construction.

“It was a great evening and that was all down to the lovely volunteers. It was amazing for the students to see a successful woman working in construction and discover the array of careers that are available to them” - **Alison, Norbury High School for Girls**
