

KEY ATTRIBUTES:

- Safeguarding Contract
- Multi-faceted approach to security enhancement with robust fencing, automated access control and advanced CCTV technology

CHURCHFIELDS PRIMARY SCHOOL

In the summer of 2023, Niblock embarked on a comprehensive safeguarding project at Churchfields Primary School in Beckenham, Kent, aimed at fortifying the safety and security of students, staff and visitors.

Niblock set out to achieve the following objectives: to enhance perimeter security, automate access control, strengthen surveillance and improve aesthetic appeal.

Works included:

- Installation of a robust, perimeter fence using high-quality materials resistant to tampering and weathering, strategically placed to ensure complete coverage of the school grounds
- Installation of automated gates at the main entry points, equipped with keycard access control systems and a backup power supply system to ensure uninterrupted operation
- Enhancement of CCTV system with additional high-resolution cameras with low-light capabilities strategically placed to eliminate blind spots, even in low-light conditions, providing comprehensive coverage of critical areas
- Landscaping improvements incorporating elements such as well-maintained greenery and improved pathways, transforming the school grounds into an inviting and secure space
